# **Troost Corridor Action Plan**

**The Southtown Council  
Kansas City, Missouri**

# Acknowledgements

Development of the Troost Corridor Action Plan was guided by the Southtown Council. The Southtown Council facilitated an interactive public process, in which public and private 'stakeholders' of the Southtown community provided valuable input and direction into the plan.

*Special thanks to all those who participated in the process. As with any plan, the Troost Corridor Action Plan represents only a beginning. A long-term commitment to communication, cooperation, and partnerships among all who value an active and viable Troost Corridor will be required for successful implementation of the vision.*

## Southtown Council Board of Directors

**Dr. Gene Ray** - President
